CELL ACTIVE **Q10** - GRANULATES

COENZYME Q₁₀ - UBICHINONE

- is found in all our cells, whether nerve cells, muscle cells, skin or heart cells
THERE IN NO LIFE WITHOUT Q₁₀!
- it is converted in the body to its active form „UBICHINOL“.
- it is a fat soluble coenzyme that must be changed into a water soluble state, in order for it to be absorbed optimally by the body!
- coenzyme means that it performs helper function for the enzymes. Enzymes accelerate biological processes and are of great importance for the metabolism. For an enzyme to do its job it requires the coenzyme Q₁₀.
- Q₁₀ acts as a cell protection factor. It makes aggressive oxygen radicals - byproducts of energy production - harmless.
- Q₁₀ also regulates energy metabolism by activating relevant genes and supports metabolic functions by stabilizing the cell membranes.
- coenzyme Q₁₀ improves the immune system of cells. Without Q₁₀ the energy production in the mitochondria would not be possible. Each cell houses more than 500 mitochondria which, due to their complex metabolism, are responsible for any cell communication, either inside or outside the cells.

FACTORS which may promote an increased need for COENZYME Q10:

- stress
- strong physical exercises
- high alcohol consumption
- infections
- heart weakness
- muscular atrophy
- underactive thyroid
- diabetes
- alzheimer's
- parkinson
- drug intake of statins, anti-depressants or beta blockers

IMPORTANT!

UNIQU10UE Q10-GRANULATES

- are body ident, of natural decent, made from yeast fermentation and chromatographically cleaned for the best quality and highest purity.
- are, of course, water soluble in the sublingual granulate formulation. The water solubility guarantees improved bioavailability due to the immediate absorption via the oral mucosa. Sublingually ingested substances go directly into the bloodstream without loss of active ingredients.

- For Q10 products taken as tablets or capsules it is completely different. These are only absorbed after digestion and have to pass through the liver where the active Q10 is partially digested. A large lost is not preventable.
- they are in high quality form:
 - vegetarian
 - lactose-free
 - gluten free
 - gelatin free
 - GMO-free
 - without colorants
 - without preservatives
 - without flavourings
- our granulates are put in UV protected, opaque containers.
- we only supply FRESH PRODUCTS!
all our granulates are durable for 2 years.

SKIN forte Q10 Granulate

for **SKIN IMPROVEMENT** - firm + healthy skin

MAXIMUM Q10 Granulate

to **ENHANCE** the **IMMUNE SYSTEM** /
overall **HEALTH**

Q10 and NAD+ Granulate

MORE in **ENERGY** for **BODY + BRAIN**

SKIN forte Q10 Granulate

for **SKIN IMPROVEMENT - firm + healthy skin**

Article 9922

- for every skin type
- for all ages
- for each woman and man
- chromatographed for highest purity
- naturally water soluble
- 100% natural
- 100% body ident
- 100% bioavailable
- 100% cell energy
- 70mg pure Q10 / day
- 60 daily doses / 22gr

Application:

Let 1 spoon SKIN forte melt on your tongue every day.

for **TIGHT / YOUNG / HEALTHY SKIN**

- energyboost for the skin cell
- strengthens the connecting tissue
- increases skin elasticity
- stabilizes the cell membranes
- stimulates cell division and renewal
- promotes intracellular metabolism
- keeps the ion channels of the cell walls elastic
- defuses free radicals
- stimulates cell regeneration and vitamine E
-
- promotes cell communication / the information system along the cell walls = protection against cancer cells!
- slows the formation of wrinkles

POSITIVE IMPACT on

- Acne
- Wrinkles
- Sun sensitivity
- Vitiligo / white spots
- Wound healing
- Scarring

SKIN forte
Q10 GRANULATE

SKIN forte

Q10 GRANULATE

CELL FITNESS | CELL REPAIR | SKIN forte

**optimal skin care before and after
plastic surgery**

CELL ACTIVE  ...for perfect looking / healthy skin

- energyboost for all skin cells in all skin layers by oral intake + external application
- strengthens the skin's immune system against viruses-bacteria-fungi
- accelerates wound healing
- reduces scarring

cell active Q10

MAXIMUM Q10 Granulate

to **ENHANCE** the **IMMUNE SYSTEM** /
overall HEALTH

Article 9944

- for every skin type
- for all ages
- for each woman and man
- chromatographed for highest purity
- naturally water soluble
- 100% natural
- 100% body ident
- 100% bioavailable
- 100% cell energy
- 100mg pure Q10 / day
- 60 daily doses / 28gr

Application:

Let 1 spoon MAXIMUM melt on your tongue every day.

to **ENHANCE** the **IMMUNE SYSTEM** /
overall **HEALTH**

- improves the immune function
- boosts athletic performance
- maintains optimal body pH
- prevents loss of muscle strength
- protects against skin changes
- helps with fatigue
- regenerates vitamin E + C
- improves human fertility
- intensifies fat burning
- powerful antioxidant / slows down ageing
- increases the permeability of cell walls
- protects the gums
- strengthens the nerves / the communication of nerve cells
- strengthens the heart
- lowers high blood pressure
- helps the liver detoxify and regenerate
- ensures the energy supply of the body's cells
- improves high cholesterol
- relieves headaches
- lowers cancer risk / cancer prevention

MAXIMUM
Q10 GRANULATE

COENZYME 1 - NAD+

- NAD(H) = Nicotinamid-adenin-dinukleotid (Hydrogen) is also known as coenzyme 1. It is present in all cells of the body. It is a biological hydrogen.
- NAD(H) reacts in every cell with the oxygen that we absorb by breathing. This results in the universal energy molecule ATP and water; $\text{NAD(H)} + \text{O}_2 = \text{ATP} + \text{H}_2\text{O}$.
- NAD(H) is the main carrier of electrons in the oxidation of molecules that produce energy in cells. As an antioxidant NAD(H) is capable to regenerate other antioxidants ...i.e. coenzyme Q10.
- NAD(H) is the bottleneck in energy production. The more NAD(H) together with Q10 are present the more energy is generated.
- NAD is the oxidized form, NADH the reduced form of the coenzyme 1. Coenzyme 1 is part of several 1000 redox reactions happening in cells. It's main task is to absorb the hydrogen released during an enzymatic reaction. Every molecule coenzyme 1 is constantly converting from oxidized to reduced and back to oxidized. During glycolysis NAD+ is converted to NADH; in the respiratory chain NADH provides the hydrogen needed for the energy production and thus becomes NAD+ again.
- In the case of oral intake it is irrelevant whether the body gets NAD+ or NAD(H), only the absorbability matters. Best absorption is guaranteed by a sublingual product which allows the oral mucosa to intake the active ingredient.

- NAD⁺ strengthens youthful functions in the body. This coenzyme 1, which exists in every cell, is in more than 1000 processes involved in metabolism.
- here are the most important ones:
 - increases energy levels in all cells
 - repairs damaged DNA
 - boosts the immune system
 - reduces cholesterol
 - lowers blood pressure
 - increases dopamine / the happiness hormone
 - increases serotonin / an important cell manager
 - improves blood circulation
 - relieves pain
 - reduces fatigue
 - provides for best function of the nervous system
- in the function as coenzyme the NAD⁺ ensures that sugars, proteins and fats are converted into energy. This highly useful form of energy is also known as electrons. NAD⁺ as a biochemical carrier of electrons is the most important substance to increase growth and functionality of the mitochondria.
- NAD⁺ activates the „longevity genes“ that control the ageing process.
- a randomized, double blind and placebo controlled study about the effects when 100mg Q10 plus 20mg NAD⁺ are taken daily
 - resulted in:
 - **almost twice the amount of energy!**
 - **more than 50% increased metabolism!**
 - **almost 50% less damage done by free radicals!**

Q10 and NAD+ GRANULATE

Article 9911

Q10 and NAD+ Granulate

MORE in ENERGY for BODY + BRAIN

- for every skin type
- for all ages
- for each woman and man
- chromatographed for highest purity
- naturally water soluble
- 100% natural
- 100% body ident
- 100% bioavailable
- 100% cell energy
- 1000mg pure Q10 + 20mg pure NAD+/ day
- 60 daily doses / 30gr

Application:

Let 1 spoon Q10 and NAD+ melt on your tongue every day.

MORE in **ENERGY** for **BODY + BRAIN**

Q10 and NAD+ GRANULATE:

- NAD+ regenerates Q10
 - repairs damaged DNA
 - increases brain power + ability to concentrate for young and old
 - helps with jet lag
 - stimulates man + woman
 - relieves menopausal symptoms
 - helps with cell- and membrane damages
 - helps with liver damage
 - guards against stroke and dementia
 - helps with chronic fatigue CFS
 - helps with depression
 - helps fight late effects in diabetes
 - helps with multiple Sclerosis MS
-
- NAD+ enhances the effect of Q10
 - together they provide energy extremely fast and strengthen the metabolism
 - they actively support more than 1000 metabolic functions
 - both are extremely powerful antioxidants
