

IMMUNE BOOSTER!

...in addition to **EXTERNAL INFECTIOUS ACTION** from outside
you should **STRENGTHEN YOUR BODY FROM THE INSIDE!**

Q10 for a strong IMMUNE SYSTEM

- ➔ Coenzym Q10 stimulates the thymus gland, the most important organ of the immune system.
- ➔ Your immune system keeps away from you harmful **VIRUSES** and **BACTERIA**; it takes a lot of energy to do that.
- ➔ If your energy level is lowered, the body pulls off the energy from the immune system, to maintain e.g. the brain function.
- ➔ This lack of energy can only be broken through by taking the food supplement **COENZYME Q10!**

IMPORTANT!

UNIQ10UE Q10-GRANULATES

- are body ident, of natural decent, made from yeast fermentation and chromatographically cleaned for the best quality and highest purity.
- are, of course, water soluble in the sublingual granulate formulation. The water solubility guarantees improved bioavailability due to the immediate absorption via the oral mucosa. Sublingually ingested substances go directly into the bloodstream without loss of active ingredients.
