ULTIMATE CONSULTATION

SkinDNA GENETIC TEST: No more Guessing! The world's most precise & advanced analysis that reveals your skin's true health, & pre-dispositions toward: pre-mature aging, environmental protection, ability to repair, and so much more; it's all in an 18 pages report that shows what's encoded in your DNA from birth.
Single Lifetime Swab Test: \$299.00

TREATMENT DEFINITION

In general, our Facial treatments include: Deep cleansing, Mild exfoliation. Extraction of Impurities (if required). The application of selected nutritional serums, appropriate to the Skin's needs: Masks with different "active" benefits applied at various stages throughout the treatment procedure. A pleasant **Swedish** lymphatic, or **Gua Sha**, Manual Massage is applied to the Face, Neck & Décolletage.

The application of a Facial treatment is no longer considered to be an extravagance of self - indulgence, or act of vanity but rather a valuable resource representing sensible, healthy skin care, environmental protection and skin preservation.

"It's a funny thing about life, if you accept anything but the best you very often get it"
